Product Description

Energy-Efficient Variable Dimmable LED Light - 500lm Luminous Flux 2 Years

Product Description:

Introducing Dimmable LED Light Bulbs – adjustable LED lamps that provide a range of color temperatures from 3000K to 6500K. Made of high quality ABS and PC material, these lamps are applicable in various places, such as homes, offices, hotels, and even camping sites. Furthermore, they have a wide 180° beam angle, and are available in 5W and 7W power options. With easy dimming control, Dimmable LED Light Bulbs help you create the perfect ambiance. Whether you are looking for a soft, cozy atmosphere or a bright, vibrant setting, these adjustable LED lamps will give you exactly what you need.

Support and Services:

Technical Support and Service for Dimmable LED Light Bulbs

We are committed to providing our customers with the best possible experience when using our Dimmable LED Light Bulbs. We offer a range of support and service options for our customers, including:

Online FAQs and tutorials for self-support

24/7 customer service hotline

On-site installation and maintenance services

Free replacement parts

If you have any questions or need any help, please don't hesitate to get in touch with us. We will be more than happy to assist you.

Packing and Shipping:

Packaging and Shipping

Dimmable LED Light Bulbs are shipped in a cardboard box that is designed to protect the bulbs from any potential damage during the shipping process.

The box is filled with a foam cushioning material to ensure that the bulbs are not damaged during transit. The box is then sealed with a special adhesive to ensure that the contents remain secure and intact.

The box is labeled with a unique barcode that can be scanned to track the shipment, and a tracking number is provided to the customer.
